EDUCATION

GITAM University
BTech in Computer Science
Yendada, Visakhapatnam
Sept. 2022 – July 2026

Sri Chaitanya Junior College
Intermediate Study - AP Board
Ramatalkies, Visakhapatnam
Apr. 2020 – May 2022

Sri Chaitanya Techno School
CBSE
Asilmetta-3, Visakhapatnam
Mar. 2020

PERSONAL DETAILS

Current Location: Visakhapatnam
Date of Birth: 19th March, 2005
Gender: Female
Languages known: English, Hindi, Telugu

EXPERIENCE

Virtual Intern at CodSoft — June, 2024
CodSoft — *Virtual*
- Developed responsive websites using HTML, CSS, and JavaScript.
- Collaborated with team on web application projects.
- Integrated APIs to enhance web functionality.

Trainee and Intern at Edunet — June, 2024
Edunet AICTE — *Virtual*
- Deployed scalable solutions using cloud technologies like AWS.
- Developed and implemented machine learning models for process automation.
- Contributed to cross-functional teams in integrating innovative solutions.

Participated in Unit XVI of the National Service Scheme (NSS) — 4th Mar, 2024 – 10th Mar, 2024
MPP School — *Chinnagadili, Visakhapatnam*
- A Special Camp Programme on Computer Literacy by our Gitam University.
- Educated students of Grade 4 and 5 on tech literacy and essential life skills.
- Engaged students in interactive sessions and workshops on safety measures for girls.

Educators Escort for Edu Youth Meet'24 — 30th Jan, 2024
GITAM University — *Yendada, Visakhapatnam*
- Escort for the VIPs with the event consisting over 35,000+ attendees.
- Enhanced networking and professional relationships with industry leaders.
- Improved understanding of educational leadership and management.

Smart India Hackathon Finalist — 20-21st Dec, 2023
AICTE, Ministry of Coal — *Bhopal*
- Selected as one of the top 5000 teams (across different problem statements) out of 50,000 teams in the country.
- Developed a scalable sensor-based solution for the Ministry of Coal.
- Created a dashboard interface allowing drivers to view real-time filling status updates.

Projects

Interview Preparation Assitance | *Node.js, React.js, MongoDB, OpenAI GPT-3, Docker, Azure*   June, 2024
- Implemented an interview preparation chatbot using GenAI's OpenAI GPT-3 model for personalized coaching.
- Developed with React, Node.js and MongoDB on Microsoft Azure for robust performance and scalable data handling.
- Designed an intuitive user interface to enhance user experience, focusing on improving confidence and effectiveness in interview preparation.

FinQuest | *React Native, Node.js, Python, MongoDB, Express.js,*   May, 2024
- Created an interactive financial literacy game with React Native, Node.js, React, and Python (MERN Stack), promoting financial literacy and high user engagement.
- Scaled the game effectively for a growing user base, ensuring accessibility across diverse demographics.
- Implemented MongoDB, Express.js, React, and Node.js for flexible data management and efficient full-stack development.

Sahayata | *React, Next.js, MongoDB, Microsoft Azure, Sensors*   Dec, 2023
- Developed a full-stack web application using React and NextJS to monitor real-time coal filling status.
- Integrated sensor data seamlessly with MongoDB databases hosted on Microsoft Azure.
- Collaborated closely with cross-functional team members to align with project requirements, ensuring robust functionality and user experience.

Technical Skills

Languages: Java, Python, JavaScript, HTML/CSS
Frameworks: React, React Native, Node.js, Next.js
Databases: MongoDB
Cloud Platforms: Microsoft Azure
Developer Tools: Docker, Git, Visual Studio, PyCharm
Libraries/Tools: Pandas, NumPy, Matplotlib, OpenAI GPT-3 (as a tool), Express.js (as a framework)
